

MEMORANDUM

DATE	August 30, 2017
то	Psychology Board Members
FROM	Sandra Monterrubio, Enforcement Program Manager Board of Psychology
SUBJECT	Enforcement Report, Agenda Item 6

Please find attached the Overview of Enforcement Activity conveying complaint, investigation, and discipline statistics to date for the current fiscal year.

Complaint Program

Since July 1, 2017, the Board has received 164 complaints. All complaints received are opened and assigned to an enforcement analyst within seven (7) days of receipt.

Citation Program

Since July 1, 2017, the Board has issued 11 enforcement citations. Citation and fines are issued for minor violations.

Discipline Program

Since July 1, 2017, the Board has referred seven (7) cases to the Office of the Attorney General for formal discipline.

Probation Program

Enforcement staff is currently monitoring 52 probationers. Of the 52 probationers, five (5) are out of compliance.

Experts

The Board is currently recruiting qualified psychologists to serve as expert reviewers. Experts are paid \$100 – \$200 per hour, depending upon the services rendered, for case reviews, preparation of expert opinion reports, and testimony at administrative hearings. The Expert Reviewer Program is the backbone of the Board's Enforcement Program, and its effectiveness is vital for fulfilling our legislative mandate to protect California consumers of psychological services from unlicensed, unprofessional, incompetent, and otherwise dangerous practitioners.

Expert reviewers must meet the following requirements:

- Possess a current California psychology license in good standing
- ❖ Have forensic experience and be willing to testify if a case proceeds to a hearing
- Have an active practice, defined as at least 80 hours per month in direct patient care, clinical activity, psychometric testing and/or teaching. However, at least 40 hours must be in direct patient care.
- ❖ Have three or more years of expertise in specific areas of practice
- ♣ Have no prior or current charges or formal disciplinary actions related to any healing arts license, registration, certificate or credential to practice psychology or any other profession or occupation in any state in the United States or foreign country
- Have no criminal convictions, including any that were expunged or dismissed

The Board created the Expert Reviewer Program as an additional resource for investigating complaints. The Board relies on the experts to provide insight and direction to Enforcement staff throughout the course of an investigation. The review conducted by the expert will determine whether the complaint requires further formal investigation by the Health Quality Investigative Unit or the Division of Investigation or whether the case should be closed. If the expert determines that the Subject's conduct or practice did not fall below the standard of care, the case is closed and no further action is anticipated. If a complaint is referred for formal investigation and it is determined a violation occurred, the case may be submitted to the Office of the Attorney General for formal discipline or a citation and fine may be issued.

Before an expert can accept a case from the Board for review, the expert must sign and certify that they do not know the Subject of the complaint, and that they have never had any type of business, professional, personal or other relationship with either the Subject or the Complainant. This ensures the case is reviewed fairly and impartially.

The Board is currently conducting an e-mail campaign inviting eligible licensees to participate in the next expert training, which is scheduled for November 2017. The Board hopes that the positive early responses to this campaign will result in many new appointments to the program.
