## Webex Etiquette

### Microphones

- Please mute your microphone when not speaking. Panelists will have the ability to un-mute themselves when they need to speak. We ask that you mute yourself again when you are not speaking to avoid background noises.
- It is helpful if you state your name before speaking as it can be helpful in identifying who is speaking.
- Allow for a bit of a lag time when unmuting your microphone then speaking, and when asking a question or making a comment and waiting for a response.

### Web Cameras: Do ...

- Be well groomed (dress professionally, top and bottom)
- Be aware of your background (try using the virtual backgrounds)
- Engage with the camera (shows you are participating in the meeting)
- Stop your video before momentarily disengaging or walking away from your seat
- Be aware of your facial expressions (especially when there are discussions or comments you do not agree with)
- Ensure your camera is on a stable surface (if using tablets/phones, do not hold the device in hand while camera is on)
- Remember that when you are muted and not speaking, you, your demeanor, and your activities can still be seen

- Eat when your video camera is on (beverages are acceptable)

- Allow your pets to wander into the view of the camera (consider placing them in another room)
