UNIFORM STANDARDS RELATED TO SUBSTANCE ABUSE
AND DISCIPLINARY GUIDELINES

Article 7. Standards Related to Denial, Discipline, and Reinstatement of Licenses

§ 1395.2. Uniform Standards Related to Substance Abuse and Disciplinary
Guidelines.

In reaching a decision on a disciplinary action under the administrative adjudication provisions of the Administrative Procedure Act (Government Code Section 11400 et seq.), the Board of Psychology shall comply with the "Uniform Standards Related to Substance Abuse and Disciplinary Guidelines," (August 2010) which are hereby incorporated by reference. Deviation from these disciplinary guidelines and orders, including the standard terms of probation is appropriate where the Board of Psychology in its sole discretion determines that the facts of the particular case warrant such a deviation; for example: the presence of mitigating factors; the age of the case; evidentiary problems. Neither the board nor an administrative law judge may impose any conditions or terms of probation that are less restrictive than the Uniform Standards Related to Substance Abuse.

INTRODUCTION

The Board of Psychology of the California Department of Consumer Affairs (hereinafter "the Board") is a consumer protection agency with the primary mission of protecting consumers of psychological services from potentially harmful practices. In keeping with its mandate to protect this particularly vulnerable population, the Board has adopted the following recommended guidelines for disciplinary orders and conditions of probation for violations of the Psychology Licensing Law.

Except as provided in the Uniform Standards Related to Substance Abuse, the Board recognizes that a rare individual case may necessitate a departure from these guidelines for disciplinary orders. However, in such a rare case, the mitigating circumstances must be detailed in the "Finding of Fact," which is in every Proposed Decision.

If at the time of hearing, the Administrative Law Judge finds that the respondent, for any reason, is not capable of safe practice, the Board expects outright revocation of the license. This is particularly true in any case of patient sexual abuse. In less egregious cases, a stayed revocation with probation pursuant to the attached Penalty Guidelines would be appropriate.

UNIFORM STANDARDS FOR THOSE LICENSEES WHOSE LICENSE IS ON PROBATION DUE TO A SUBSTANCE ABUSE PROBLEM

The following standards shall be adhered to in all cases in which a licensee's license is placed on probation due, in part, to a substance abuse problem. These standards are not guidelines and shall be followed in all instances, except that the Board may impose more restrictive conditions if necessary to protect the public. Whether individual conditions are ordered, however, is within the discretion of the Board.

Clinical Diagnostic Evaluations:

Whenever a licensee is ordered to undergo a clinical diagnostic evaluation, the evaluator shall be a licensed practitioner who holds a valid, unrestricted license to conduct clinical diagnostic evaluations, and has three (3) years experience in providing evaluations of health care professionals with substance abuse disorders. The evaluator shall be approved by the Board, and unless permitted by the Board or its designee, shall be a California-licensed psychologist or physician and surgeon. The evaluations shall be conducted in accordance with acceptable professional standards for conducting substance abuse clinical diagnostic evaluations.

Clinical Diagnostic Evaluation Report:

The clinical diagnostic evaluation report shall set forth, in the evaluator's opinion, whether the licensee has a substance abuse problem, whether the licensee is a threat to himself or herself or others, and recommendations for substance abuse treatment, practice restrictions, or other recommendations related to the licensee's rehabilitation and safe practice.

The evaluator shall not have had a financial, personal, or business relationship with the licensee within the last five (5) years. The evaluator shall provide an objective, unbiased, and independent evaluation.

If the evaluator determines during the evaluation process that a licensee is a threat to himself or herself or others, the evaluator shall notify the board within 24 hours of such a determination.

For all evaluations, a final written report shall be provided to the board no later than ten (10) days from the date the evaluator is assigned the matter unless the evaluator requests additional information to complete the evaluation, not to exceed 30 days.

The Board shall review the clinical diagnostic evaluation to help determine whether or not the licensee is safe to return to either part-time or full-time practice and what restrictions or recommendations should be imposed on the licensee based on the application of the following criteria:

License type, licensee's history, documented length of sobriety, scope and pattern of substance abuse, treatment history, medical history, current medical condition, nature, duration and severity of substance abuse problem, and whether the licensee is a threat to himself or herself or others.

When determining if the licensee should be required to participate in inpatient, outpatient or any other type of treatment, the Board shall take into consideration the recommendation of the clinical diagnostic evaluation, license type, licensee's history, length of sobriety, scope and pattern of substance abuse, treatment history, medical history, current medical condition, nature, duration and severity of substance abuse and whether the licensee is a threat to himself or herself or others.

Facilitated Group Support Meetings:

If the board requires a licensee to participate in facilitated group support meetings, either because it is the decision of the Board or it is within the discretion of the Board staff when determining the nature of group support meetings, the following shall apply:

1. When determining the frequency of required facilitated group meeting attendance, the board shall give consideration to the following:

- the licensee's history;
- the documented length of sobriety/time that has elapsed since substance use;
- the recommendation of the clinical evaluator;
- the scope and pattern of use;
- the licensee's treatment history; and,
- the nature, duration, and severity of substance abuse.

2. Group Meeting Facilitator Qualifications and Requirements:

a. The meeting facilitator must have a minimum of three (3) years experience in the treatment and rehabilitation of substance abuse, and shall be licensed or certified by the state or other nationally certified organizations.

b. The meeting facilitator must not have a financial relationship, personal relationship, or business relationship with the licensee in the last five (5) years.

c. The group meeting facilitator shall provide to the board a signed document showing the licensee's name, the group name, the date and location of the meeting, the licensee's attendance, and the licensee's level of participation and progress.

d. The facilitator shall report any unexcused absence within 24 hours.

Work Site Monitor Requirements:

If the Board determines that a worksite monitor is necessary for a particular licensee, the worksite monitor must meet the following requirements to be considered for approval by the Board:

The worksite monitor shall not have a current or former financial, personal, or familial relationship with the licensee, or other relationship that could reasonably be expected to compromise the ability of the monitor to render impartial and unbiased reports to the Board. If it is impractical for anyone but the licensee's employer to serve as the worksite monitor, this requirement may be waived by the Board; however, under no circumstances shall a licensee's worksite monitor be an employee or supervisee of the licensee.

The worksite monitor's license scope of practice shall include the scope of practice of the licensee who is being monitored or be another health care professional if no monitor with like scope of practice is available.

The worksite monitor shall have an active unrestricted license, with no disciplinary action within the last five (5) years.

The worksite monitor shall sign an affirmation that he or she has reviewed the terms and conditions of the licensee's disciplinary order and agrees to monitor the licensee as set forth by the Board.

The worksite monitor must adhere to the following required methods of monitoring the licensee:

- a) Have face-to-face contact with the licensee in the work environment on as frequent a basis as determined by the Board, but at least once per week.
- b) Interview other staff in the office regarding the licensee's behavior, if applicable.
- c) Review the licensee's work attendance.

Reporting by the worksite monitor to the Board shall be as follows:

Any suspected substance abuse must be orally reported to the Board and the licensee's employer within one (1) business day of occurrence. If occurrence is not during the Board's normal business hours the oral report must be within one (1) hour of the next business day. A written report shall be submitted to the Board within 48 hours of occurrence.

The worksite monitor shall complete and submit a written report monthly or as directed by the board. The report shall include: the licensee's name; license number; worksite monitor's name and signature; worksite monitor's license number; worksite location(s); dates licensee had face-to-face contact with monitor; worksite staff interviewed, if applicable; attendance report; any change in behavior and/or personal habits; any indicators that can lead to suspected substance abuse.

The licensee shall complete the required consent forms and sign an agreement with the worksite monitor and the Board to allow the Board to communicate with the worksite monitor.

Major and Minor Violations:

If a licensee commits a major violation, the Board shall automatically suspend the licensee's license and refer the matter for disciplinary action or other action as determined by the Board.

Major Violations include, but are not limited to, the following:

1. Failure to complete a board-ordered program;
2. Failure to undergo a required clinical diagnostic evaluation;
3. Committing multiple minor violations of probation conditions and terms;
4. Treating a patient while under the influence of drugs or alcohol;
5. Committing any drug or alcohol offense that is a violation of the Business and Professions Code, or other state or federal law;
6. Failure to obtain biological testing for substance abuse when ordered;
7. Testing positive for a banned substance;
8. Knowingly using, making, altering or possessing any object or product in such a way as to defraud a drug test designed to detect the presence of alcohol or a controlled substance.

If a licensee commits a minor violation, the Board shall determine what action is appropriate.

Minor Violations include, but are not limited to, the following:

1. Failure to submit required documentation in a timely manner;
2. Unexcused attendance at required meetings;
3. Failure to contact a monitor as required;
4. Any other violations that do not present an immediate threat to the licensee or to the public.

DRUG TESTING STANDARDS

If a licensee tests positive for a banned substance, the Board shall order that the licensee cease any practice of psychology, and contact the licensee to inform him or her that he or she has been ordered to cease practice and that he or she may not practice until the Board determines that he or she is able to safely practice. The Board shall also notify the licensee's employer that the licensee has been ordered to cease practice, and that he or she may not practice until the Board determines that he or she is able to safely practice. The Board shall determine whether the positive alcohol or drug test is, in fact, evidence of prohibited use, a major violation. If not, the Board shall immediately lift the cease practice order.

The following drug testing standards shall apply to each licensee subject to drug testing:

1. Licensees shall be randomly alcohol or drug tested at least 104 times per year for the first year or probation, and at any time as directed by the board. After the first year, licensees who are practicing, shall be randomly alcohol or drug tested at least 50 times per year, and at any time as directed by the board.
2. Alcohol or drug testing may be required on any day, including weekends and holidays.
3. Except when directed, the scheduling of alcohol or drug tests shall be done on a random basis, preferably by a computer program.
4. Licensees shall be required to make daily contact as directed to determine if alcohol or drug testing is required.
5. Licensees shall be alcohol or drug tested on the date of notification as directed by the board.
6. Specimen collectors must either be certified by the Drug and Alcohol Testing Industry Association or have completed the training required to serve as a collector for the U.S. Department of Transportation.
7. Specimen collectors shall adhere to the current U.S. Department of Transportation Specimen Collection Guidelines.
8. Testing locations shall comply with the Urine Specimen Collection Guidelines published by the U.S. Department of Transportation, regardless of the type of test administered.

9. Collection of specimens shall be observed.

10. Prior to vacation or absence, alternative alcohol or drug testing location(s) must be approved by the board.

11. Laboratories shall be certified and accredited by the U.S. Department of Health and Human Services.

A collection site must submit a specimen to the laboratory within one (1) business day of receipt. A chain of custody shall be used on all specimens. The laboratory shall process results and provide legally defensible test results within seven (7) days of receipt of the specimen. The Board will be notified of non-negative test results within one (1) business day and will be notified of negative test results within seven (7) business days.

DISCIPLINARY GUIDELINES

PENALTY GUIDELINES

The following is an attempt to provide information regarding the range of offenses under the Psychology Licensing Law and the California Code of Regulations and the appropriate penalty for each offense. Each penalty listed is followed in parenthesis by a number which corresponds with a number under the chapter "Terms and Conditions of Probation." Legal "enacted" dates follow the definition of some of the most frequently used disciplinary subdivisions. Examples are given for illustrative purposes, but no attempt is made to catalog all possible offenses. Except as provided in the Uniform Standards Related to Substance Abuse, the Board recognizes that the penalties and conditions of probation listed are merely guidelines and that individual cases will necessitate variations that take into account unique circumstances.

If there are deviations or omissions from the guidelines in formulating a Proposed Decision, the Board requires that the Administrative Law Judge hearing the case include an explanation of the deviations or omissions in the Proposed Decision so that the circumstances can be better understood by the Board during its review and consideration of the Proposed Decision for final action.

TERMS AND CONDITIONS OF PROBATION

Terms and conditions of probation are divided into two categories. The first category consists of **optional terms and conditions** that may be appropriate as demonstrated in the Penalty Guidelines depending on the nature and circumstances of each particular case. The second category consists of the **standard terms and conditions**, which must appear in all Proposed Decisions and proposed stipulated agreements.

To enhance the clarity of a Proposed Decision or Stipulation, the Board requests that all optional conditions (1-14) that are being imposed be listed first in sequence followed immediately by all of the standard terms and conditions, which include cost recovery (15-~~2930~~30).

OPTIONAL TERMS AND CONDITIONS

Listed below are optional conditions of probation that the Board would expect to be included in any Proposed Decision or Stipulation as appropriate.

1. Actual Suspension

As part of probation, respondent is suspended from the practice of psychology for _____ days beginning with the effective date of this Decision. ~~During the suspension, any probation period is tolled and will not commence again until the suspension is completed.~~

NOTE: For periods of suspension longer than 6 months, a longer term of probation should be considered to allow the respondent sufficient time to complete the terms and conditions of probation, and to allow the board sufficient time to assess compliance.

2. Psychological Evaluation

Within 90 days of the effective date of this Decision and on a periodic basis thereafter as may be required by the Board or its designee, respondent shall undergo a psychological evaluation (and psychological testing, if deemed necessary) by a Board-appointed California-licensed psychologist. Respondent shall sign a release that authorizes the evaluator to furnish the Board a current DSM IV diagnosis and a written report regarding the respondent's judgement judgment and/or ability to function independently as a psychologist with safety to the public, and whatever other information the Board deems relevant to the case. The completed evaluation is the sole property of the Board. The evaluation should not be disclosed to anyone not authorized by the board or by court order.

If the Board concludes from the results of the evaluation that respondent is unable to practice independently and safely, upon written notice from the Board respondent shall immediately cease accepting new patients and, in accordance with professional standards, shall appropriately refer/terminate existing patients within 30 days and shall not resume practice until a Board-appointed evaluator determines that respondent is safe to practice. The term of probation shall be extended by ~~During this suspension period of time that he or she was ordered to cease practice, probation will be tolled and will not commence again until the suspension is completed.~~

If not otherwise ordered herein, if ongoing psychotherapy is recommended in the psychological evaluation, the Board will notify respondent in writing to submit to such therapy and to select a psychotherapist for approval by the Board or its designee within 30 days of such notification. The therapist shall (1) be a California-licensed psychologist with a clear and current license; (2) have no previous business, professional, personal or other relationship with respondent; (3) not be the same person as respondent's practice or billing monitor. Frequency of psychotherapy shall be determined upon recommendation of the treating psychotherapist with approval by the Board or its designee; ~~however, psychotherapy shall, at a minimum, consist of one one-hour session per week.~~ Respondent shall continue psychotherapy until released by the approved psychologist and approved by the Board or its designee. The Board or its designee may order a re-evaluation upon receipt of the therapist's recommendation.

Respondent shall execute a release authorizing the therapist to provide to the Board any information the Board or its designee deems appropriate, including quarterly reports of respondent's therapeutic progress. Respondent shall furnish a copy of this Decision to the therapist. If the therapist determines that the respondent cannot continue to independently render psychological services, with safety to the public, he/she shall notify the Board immediately.

Respondent shall pay all costs associated with the psychological evaluation and ongoing psychotherapy. Failure to pay costs will be considered a violation of the probation order.

NOTE: Psychological evaluations shall be utilized when an offense calls into question the judgement judgment and/or emotional and/or mental condition of the respondent or where there has been a history of abuse or dependency of alcohol or controlled substances. When appropriate, respondent shall be barred from rendering psychological services under the terms of probation until he or she has undergone an evaluation, the evaluator has recommended resumption of practice, and the Board has accepted and approved the evaluation.

3. Physical Examination

Within 90 days of the effective date of this Decision, respondent shall undergo a physical examination by a licensed physician and surgeon licensed in California and approved by the Board. Respondent shall

sign a release authorizing the physician to furnish the Board a report that shall provide an assessment of respondent's physical condition and capability to safely provide psychological services to the public. If the evaluating physician and surgeon determines that respondent's physical condition prevents safe practice, or that he or she can only practice with restrictions, the physician shall notify the Board, in writing, within five (5) working days.

The Board shall notify respondent in writing of the physician and surgeon's determination of unfitness to practice, and shall order the respondent to cease practice or place restrictions on respondent's practice. Respondent shall comply with any order to cease practice or restriction of his or her practice, and shall immediately cease accepting new patients and, in accordance with professional standards, shall appropriately refer/terminate existing patients within 30 days. Respondent and shall not resume practice until a Board-appointed evaluator determines that respondent is safe to practice, and the Board is satisfied of respondent's fitness to practice safely and has so notified respondent in writing. During this suspension period, The term of probation will shall be tolled extended by the period of time during which respondent is ordered to cease practice and will not commence again until the suspension is completed. If the evaluating physician determines it to be necessary, a recommended treatment program will be instituted and followed by the respondent with the physician providing written progress reports to the Board on a quarterly basis or as otherwise determined by the Board or its designee.

It shall be the respondent's responsibility to assure that the required quarterly progress reports are filed by the treating physician in a timely manner. Respondent shall pay all costs of such examination(s).

Failure to pay these costs shall be considered a violation of probation.

NOTE: This condition permits the Board to require the probationer to obtain appropriate treatment for physical problems/disabilities that could affect safe practice of psychology. The physical examination can also be conducted to ensure that there is no physical evidence of alcohol/drug abuse.

4. Practice Monitor/Billing Monitor

Within 90 days of the effective date of this Decision, respondent shall submit to the Board or its designee for prior approval, the name and qualifications of a psychologist who has agreed to serve as a practice monitor/billing monitor. The monitor shall (1) be a California-licensed

psychologist with a clear and current license; (2) have no prior business, professional, personal or other relationship with respondent; and (3) not be the same person as respondent's therapist. The monitor's education and experience shall be in the same field of practice as that of the respondent.

Once approved, the monitor shall submit to the Board or its designee a plan by which respondent's practice shall be monitored. Monitoring shall consist of a least one hour per week of individual face to face meetings and shall continue during the entire probationary period unless terminated by the Board or its designee determined in part upon recommendation of the monitor. The respondent shall provide the monitor with a copy of this Decision and access to respondent's fiscal and/or patient records. Respondent shall obtain any necessary patient releases to enable the monitor to review records and to make direct contact with patients. Respondent shall execute a release authorizing the monitor to divulge any information that the Board may request. It shall be respondent's responsibility to assure that the monitor submits written reports to the Board or its designee on a quarterly basis verifying that monitoring has taken place and providing an evaluation of respondent's performance.

Respondent shall notify all current and potential patients of any term or condition of probation that will affect their therapy or the confidentiality of their records (such as this condition, which requires a practice monitor/billing monitor). Such notifications shall be signed by each patient prior to continuing or commencing treatment.

If the monitor quits or is otherwise no longer available, respondent shall notify the Board within 10 days and get approval from the Board for a new monitor within 30 days. If no new monitor is approved within 30 days, respondent shall not practice until a new monitor has been approved by the Board or its designee. ~~During this period of non-practice, The term of probation will be tolled and will not commence again until the period of non-practice is completed shall be extended by the period of time during which respondent is ordered to cease practice.~~ Respondent shall pay all costs associated with this monitoring requirement. Failure to pay these costs shall be considered a violation of probation.

NOTE: Monitoring shall be utilized when respondent's ability to function independently is in doubt or when fiscal improprieties have

occurred, as a result of a deficiency in knowledge or skills, or as a result of questionable ~~judgement~~ judgment.

5. Notification to Employer

The Board or its designee may order a re- psychological evaluation upon receipt of the therapist's recommendation.

Respondent shall execute a release authorizing the therapist to provide to the Board or its designee any information the Board deems appropriate, including quarterly reports of respondent's therapeutic progress. It shall be respondent's responsibility to assure that the required quarterly reports are filed by the therapist in a timely manner. If, prior to the termination of probation, respondent is found not to be mentally fit to resume the practice of psychology without restrictions, the Board shall retain continuing jurisdiction over the respondent's license and the ~~period~~ term of probation shall be extended until the Board or its designee determines that the respondent is mentally fit to resume the practice of psychology without restrictions.

Cost of psychotherapy is to be paid by the respondent.

NOTE: The need for psychotherapy may be determined pursuant to a psychological evaluation or as evident from the facts of the case. The frequency of psychotherapy shall be related to the offense involved and the extent to which the offense calls into question the ~~judgement~~ judgment, motivation, and emotional and/or mental condition of the respondent.

8. Examination(s)

Option 1 (Condition Subsequent)

NOTE: In cases involving evidence of serious deficiencies in the body of knowledge required to be minimally competent to practice independently, it may be appropriate to require the respondent to take and pass the CPSE during the course of the probation period. In some instances, it may be appropriate ~~for to order that practice to be suspended ceased~~ until the examination is has been taken and passed (condition precedent).

9. Restitution

Within 90 days of the effective date of this Decision, respondent shall provide proof to the Board or its designee of restitution in the amount of

\$_____ paid to _____. Failure to pay restitution shall be considered a violation of probation. Restitution is to be paid regardless of the tolling of probation.

NOTE: In offenses involving economic exploitation, restitution is a necessary term of probation. For example, restitution would be a standard term in any case involving Medi-Cal or other insurance fraud. The amount of restitution shall be at a minimum the amount of money that was fraudulently obtained by the licensee. Evidence relating to the amount of restitution would have to be introduced at the Administrative hearing.

10. Clinical Diagnostic Evaluation

Within twenty (20) days of the effective date of the Decision and at any time upon order of the Board, Respondent shall undergo a clinical diagnostic evaluation. Respondent shall provide the evaluator with a copy of the Board's Decision prior to the clinical diagnostic evaluation being performed.

Terminating the program without permission or being expelled for cause shall constitute a violation of probation by respondent. All costs associated with the program shall be paid by respondent.

However, if respondent has already attended such an inpatient or outpatient alcohol or other drug abuse recovery program, as described above, commencing with the current period of sobriety, respondent shall provide the Board or its designee with proof that the program was successfully completed and this shall suffice to comply with this term of probation.

All expenses associated with the treatment shall be paid by respondent.~~

Respondent shall begin and continue attendance at a support/recovery group (e.g., Twelve Step meetings or the equivalent, or a facilitated group with a psychologist trained in alcohol and drug abuse treatment) as ordered by the Board or its designee. - the scope and pattern of use;
- the licensee's treatment history; and,
- the nature, duration, and severity of substance abuse.

Verified documentation of attendance shall be submitted by respondent with each quarterly report. Respondent shall continue attendance in such a group for the duration of probation unless notified by the Board that attendance is no longer required.

- The facilitator shall report any unexcused absence within 24 hours.

NOTE: Alcohol and/or other drug abuse treatment shall be required in addition to other terms of probation in cases where the use of alcohol or other drugs by respondent has impaired respondent's ability to safely provide psychological services to patients. This condition must be accompanied by condition #12.

Respondent shall abstain completely from the personal use or possession of controlled substances as defined in the California Uniform Controlled Substances Act, and dangerous drugs as defined by Section 4022 of the Business and Professions Code, or any drugs requiring a prescription unless respondent provides the Board or its designee with documentation from ~~the treating physician and surgeon~~ the prescribing health professional that the prescription was legitimately issued and is a necessary part of the treatment of respondent.

Respondent shall abstain completely from the use intake of alcoholic beverages.

Respondent shall undergo random, and directed biological fluid or specimen testing as determined by the Board or its designee. The Respondent shall be subject to a minimum of one-hundred and four (104) random tests per year within the first year of probation, and a minimum of fifty (50) random tests per year thereafter, for the duration of the probationary term. Any confirmed positive finding will be considered a violation of probation. Respondent shall pay all costs associated with such testing. The length of time and frequency of this testing condition will be determined by the Board or its designee. If Respondent tests positive for a banned substance, Respondent shall be ordered by the Board to immediately cease any practice of psychology, and may not practice unless and until notified by the Board. Respondent shall make daily contact as directed by the Board to determine if he or she must submit to alcohol and/or drug testing. Respondent shall submit to his or her alcohol and/or drug test on the same day that he or she is notified that a test is required. All alternative testing sites due to vacation or travel outside of California must be approved by the Board prior to the vacation or travel.

Drugs - Exception for Personal Illness

Orders forbidding respondent from personal use or possession of controlled substances or dangerous drugs do not apply to medications lawfully prescribed to respondent for a bona fide illness or condition by a physician and surgeon. Respondent shall provide the Board or its designee with written documentation from the treating physician and surgeon who prescribed medication(s). The documentation shall identify the medication, dosage, the date the medication was prescribed, the respondent's prognosis, the date the medication will no longer be required, and the effect on the recovery plan, if appropriate.

NOTE: This condition provides documentation that the probationer is substance or chemical free. It also provides the Board with a mechanism through which to require additional laboratory analyses for the presence of narcotics, alcohol and/or dangerous drugs when the probationer appears to be in violation of the terms of probation or appears to be under the influence of mood altering substances.

43.14. Educational Review

Respondent shall submit to an educational review concerning the circumstances that resulted in this administrative action. The educational review shall be conducted by a board-appointed expert familiar with the case. Educational reviews are informational only and intended to benefit respondent's practice. Respondent shall pay all costs associated with this educational review.

~~NOTE: In addition to other terms of probation, community service work may be required for relatively minor offenses that do not involve deficiencies in knowledge, skills or judgement. Community service may be appropriately combined with restitution or other conditions as a term of probation.~~

STANDARD TERMS AND CONDITIONS

(To be included in all Proposed Decisions and Stipulations)

15. Coursework

Respondent shall take and successfully complete not less than _____ hours each year of probation in the following area(s) _____. Coursework must be pre-approved by the Board or its designee. All coursework shall be taken at the graduate level at an accredited educational institution or by an approved continuing education provider. Classroom attendance is specifically required; correspondence or home study coursework shall not count toward meeting this requirement. The coursework must be in addition to any continuing education courses that may be required for license renewal.

Within 90 days of the effective date of this Decision, respondent shall submit to the Board or its designee for its prior approval a plan for meeting the educational requirements. All costs of the coursework shall be paid by the respondent.

16. Ethics Course

Within 90 days of the effective date of this Decision, respondent shall submit to the Board or its designee for prior approval a course in laws and ethics as they relate to the practice of psychology. Said course must be successfully completed at an accredited educational institution or through a provider approved by the Board's accreditation agency for continuing education credit. Said course must be taken and completed within one year from the effective date of this Decision. This course must be in addition to any continuing education courses that may be required for license renewal. The cost associated with the law and ethics course shall be paid by the respondent.

17. Investigation/Enforcement Cost Recovery

Respondent shall pay to the Board its costs of investigation and enforcement in the amount of \$_____ within the first year of probation. Such costs shall be payable to the Board of Psychology and are to be paid regardless of whether the probation is tolled. Failure to pay such costs shall be considered a violation of probation.

The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to repay investigation and enforcement costs.

18. Probation Costs

Respondent shall pay the costs associated with probation monitoring each and every year of probation. Such costs shall be payable to the Board of Psychology at the end of each fiscal year (June 30). Failure to pay such costs shall be considered a violation of probation. The filing of bankruptcy by respondent shall not relieve respondent of the responsibility to repay probation monitoring costs.

Authority: Business and Professions Code Section 2964.6 (effective 1/1/95).

19. Obey All Laws

Respondent shall obey all federal, state, and local laws and all regulations governing the practice of psychology in California including the ethical guidelines of the American Psychological Association. A full and detailed account of any and all violations of law shall be reported by the respondent to the Board or its designee in writing within seventy-two (72) hours of occurrence.

20. Quarterly Reports

Respondent shall submit quarterly declarations under penalty of perjury on forms provided by the Board or its designee, stating whether there has been compliance with all the conditions of probation. Quarterly reports attesting to non-practice status are to be submitted if probation is tolled.

21. Probation Compliance

Respondent shall comply with the Board's probation program and shall, upon reasonable notice, report to the assigned Board of Psychology probation monitor. Respondent shall contact the assigned probation monitor regarding any questions specific to the probation order. Respondent shall not have any unsolicited or unapproved contact with (1) complainants associated with the case; (2) Board members or members of its staff; or (3) persons serving the Board as expert evaluators.

22. Interview with Board or Its Designee

Respondent shall appear in person for interviews with the Board or its designee upon request at various intervals and with reasonable notice.

23. Changes of Employment

Respondent shall notify the Board in writing, through the assigned probation monitor, of any and all changes of employment, location, and address within 30 days of such change.

24. Tolling for Out-of-State Practice, Residence or Extension of Probation for In-State Non-Practice

~~In the event respondent should leave California to reside or to practice outside the State or for any reason should respondent stop practicing psychology in California, respondent shall notify the Board or its designee in writing within ten days of the dates of departure and return or the dates of non-practice within to California. Non-practice is defined as any period of time exceeding thirty days in which respondent is not engaging in any activities defined in Sections 2902 and 2903 of the Business and Professions Code. During periods of non-practice, the probationary period is tolled and respondent's license or registration shall be placed on inactive status. The probationary period will not commence again until respondent activates his or her license and resumes practicing psychology in the state of California. However, the Board may require respondent to complete certain terms of probation that are not associated with active practice and respondent will be required to pay cost recovery and restitution as ordered. All provisions of probation other than the quarterly report requirements, restitution, cost recovery, and continuing education requirements, shall be held in abeyance until respondent resumes practice in California. All provisions of probation shall recommence on the effective date of resumption of practice in California, and the term of probation shall be extended for the period of time respondent was out of state.~~

Unless by Board order, in the event respondent is not engaging in the practice of psychology while residing in California, respondent shall notify the Board or its designee in writing within ten (10) days of the dates of cessation of practice and expected return to practice. Non-practice is defined as any period of time exceeding thirty days in which

respondent is not engaging in any activities defined in Sections 2902 and 2903 of the Business and Professions Code. All provisions of probation shall remain in effect, and the term of probation shall be extended for the period of time respondent was not engaged in the practice of psychology as required by other employment requirements of this order.

25. Employment and Supervision of Trainees

If respondent is licensed as a psychologist, he/she shall not employ or supervise or apply to employ or supervise psychological assistants, interns or trainees during the course of this probation. Any such supervisory relationship in existence on the effective date of this probation shall be terminated by respondent and/or the Board.

26. Future Registration or Licensure

If respondent is registered as a psychological assistant or registered psychologist and subsequently obtains other psychological assistant or registered psychologist registrations or becomes licensed as a psychologist during the course of this probationary order, this Decision shall remain in full force and effect until the probationary period is successfully terminated. Future registrations or licensure shall not be approved, however, unless respondent is currently in compliance with all of the terms and conditions of probation.

27. Request for Modification

"Request" as used in this condition is a request made to the Board's designee, and not under the Administrative Procedure Act.

The licensee shall demonstrate that he or she has met the following criteria before being granted a request to modify a practice restriction ordered by the Board staff pursuant to the Uniform Standards:

- a. Demonstrated sustained compliance with current recovery program.
- b. Demonstrated the ability to practice safely as evidenced by current work site reports, evaluations, and any other information relating to the licensee's substance abuse.
- c. Negative alcohol and drug screening reports for at least six (6) months, two (2) positive worksite monitor reports, and complete compliance with other terms and conditions of the program.

27.28. Violation of Probation

If respondent violates probation in any respect, the Board may, after giving respondent notice and the opportunity to be heard, revoke probation and carry out the disciplinary order that was stayed. If an Accusation or Petition to Revoke Probation is filed against respondent during probation, the Board shall have continuing jurisdiction until the matter is final, and the period term of probation shall be extended until the matter is final. No Petition for Modification or Termination of Probation shall be considered while there is an Accusation or Petition to Revoke Probation pending against respondent.

28.29. Completion of Probation

Upon successful completion of probation, respondent's license shall be fully restored.

29.30. License Surrender

Following the effective date of this Decision, if respondent ceases practicing due to retirement, health reasons or is otherwise unable to satisfy the terms and conditions of probation, respondent may request the voluntary surrender of his or her license or registration. The Board of Psychology or its designee reserves the right to evaluate respondent's request and to exercise its discretion whether or not to grant the request, or to take any other action deemed appropriate and reasonable under the circumstances. Upon formal acceptance of the surrender, respondent shall, within 15 calendar days, deliver respondent's pocket and/or wall certificate to the Board or its designee and respondent shall no longer practice psychology. Respondent will no longer be subject to the terms and conditions of probation and the surrender of respondent's license shall be deemed disciplinary action. If respondent re-applies for a psychology license or registration, the application shall be treated as a petition for reinstatement of a revoked license or registration.

STANDARD TERMS AND CONDITIONS

(To be included in ALL Stipulations for Surrender or Revocation)

30.31. Reinstatement and Investigation/Enforcement Cost Recovery

Respondent may not petition for reinstatement of a revoked or surrendered license/registration for three years from the effective date of this Decision. If the Board grants future reinstatement, respondent agrees to reimburse the Board for its costs of investigation and

enforcement of this matter in the amount of \$ _____ payable to the Board upon the effective date of such reinstatement Decision.

31.32. Relinquish License

Respondent shall relinquish his/her wall and pocket certificate of licensure or registration to the Board or its designee once this Decision becomes effective and upon request.

ACCUSATIONS

Effective January 1, 1993, the Board received authority pursuant to Section 125.3 of the Business and Professions Code to recover costs of investigation and prosecution of its cases. The Board requests that cost recovery be included in the pleading and made part of ALL Accusations. Effective January 1, 1995, Business and Professions Code Section 2964.6 gives the Board the authority to recover probation monitoring costs. The Board requests that probation monitoring cost recovery be included in the pleading and made part of ALL Accusations.

~~STATEMENTS OF ISSUES~~

~~The Board will file a Statement of Issues to deny an application of a candidate for the commission of an act, which if committed by a licensee or registrant would be cause for license or registration discipline.~~

STIPULATED SETTLEMENTS

The Board will consider agreeing to stipulated settlements to promote cost effective consumer protection and to expedite disciplinary decisions. The respondent should be informed that in order to stipulate to a settlement with the Board, the Board would prefer that respondent admit to one or more of the principle violations set forth in the Accusation. In stipulated revocations or surrenders, the Board expects language that would cause respondents to admit to all charges upon filing future Petitions for Reinstatement. The Deputy Attorney General must accompany all proposed Stipulations submitted with a memo addressed to Board members explaining the background of the case, defining the allegations, mitigating circumstances, admissions and proposed penalty along with a recommendation.

PROPOSED DECISIONS

The Board requests that Proposed Decisions include the following:

- A. Names and addresses of all parties to the action.
- B. Specific code section(s) violated with the definition of the code(s) in the Determination of Issues.
- C. Clear description of the acts or omissions which caused the violation.
- D. Respondent's explanation of the violation(s) in the Findings of Fact if he/she was present at the hearing.
- E. Description of all evidence of mitigation, rehabilitation and aggravation presented at the hearing.
- F. Explanation of any deviation from the Board's Disciplinary Guidelines.

When a probation order is imposed, the Board requests that the order first list any combination of the Optional Terms and Conditions (1-13) as they may pertain to the particular case followed by all of the Standard Terms and Conditions (14-2930).

If the respondent fails to appear for his/her scheduled hearing or does not submit a Notice of Defense form, such inaction shall result in a default decision to revoke licensure or deny application.

REINSTATEMENT/PENALTY RELIEF HEARINGS

The primary concerns of the Board at reinstatement or penalty relief hearings are (1) the Rehabilitation Criteria for Denials and Reinstatements in California Code of Regulations, Title 16, section 1395; and (2) the evidence presented by the petitioner of his/her rehabilitation. The Board will not retry the original revocation or probation case.

The Board will consider, pursuant to Section 1395, the following criteria of rehabilitation:

- (1) The nature and severity of the act(s) or crime(s) under consideration as grounds for denial.
- (2) Evidence of any act(s) committed subsequent to the act(s) or crime(s) under consideration as grounds for denial which also could be considered as grounds for denial under section 480 of the Code.
- (3) The time that has elapsed since commission of the act(s) of crime(s) referred to in subdivision (1) or (2).
- (4) The extent to which the applicant has complied with any terms of parole, probation, restitution, or any other sanctions lawfully imposed against the applicant.
- (5) Evidence, if any, of rehabilitation submitted by the applicant.

The Board requests that comprehensive information be elicited from the petitioner regarding his/her rehabilitation. The petitioner should provide details that include:

- A. Why the penalty should be modified or why the license should be reinstated.
- B. Specifics of rehabilitative efforts and results which should include programs, psychotherapy, medical treatment, etc., and the duration of such efforts.
- C. Continuing education pertaining to the offense and its effect on the practice of psychology.
- D. If applicable, copies of court documents pertinent to conviction, including documents specifying conviction and sanctions, and proof of completion of sanctions.
- E. If applicable, copy of Certificate of Rehabilitation or evidence of expungement proceedings.
- F. If applicable, evidence of compliance with and completion of terms of probation, parole, restitution, or any other sanctions.

Finally, the Board requests that the above criteria and evidence be evaluated in light of this statement of what should be presented to demonstrate rehabilitation:

Rehabilitation is a process. It is evaluated according to an internal subjective measure of attitude (state of mind) and an external objective measure of conduct (state of facts). The state of mind demonstrating rehabilitation is one that has a mature, measured appreciation of the gravity of the misconduct and remorse for the harm caused. Petitioner must take responsibility for the misconduct and show an appreciation for why it is wrong. Petitioner must also show a demonstrated course of conduct that convinces and assures the Board that the public would be safe if petitioner is permitted to be licensed to practice psychology. Petitioner must show a track record of reliable, responsible, and consistently appropriate conduct.

In the Petition Decision, the Board requests a summary of the offense and the specific codes violated that resulted in the revocation, surrender or probation of the license.

If the Board should deny a request for reinstatement of licensure or penalty relief, the Board requests that the Administrative Law Judge provide technical assistance in the formulation of language clearly setting forth the reasons for denial. Such language would include methodologies or approaches that demonstrate rehabilitation. Petitioners for reinstatement must wait three years from the effective date of their revocation decisions or one year from the last petition for reinstatement decisions before filing for reinstatement.

If a petitioner fails to appear for his/her scheduled reinstatement or penalty relief hearing, such inaction shall result in a default decision to deny reinstatement of the license or registration or reduction of penalty.

#16 Uniform Standard

Each board shall report the following information on a yearly basis to the Department of Consumer Affairs and the Legislature as it relates to licensees with substance abuse problems who are either in a board probation and/or diversion program.

- Number of intakes into a diversion program
- Number of probationers whose conduct was related to a substance abuse problem
- Number of referrals for treatment programs
- Number of relapses (break in sobriety)

- At least 100 percent of licensees who either entered a diversion program or whose license was placed on probation as a result of a substance abuse problem successfully completed either the program or the probation, or had their license to practice revoked or surrendered on a timely basis based on noncompliance of those programs.

- At least 75 percent of licensees who successfully completed a diversion program or probation did not have any substantiated complaints related to substance abuse for at least five (5) years after completion.
