

MEMORANDUM

DATE	October 24, 2016
TO	Board of Psychology
FROM	 Cherise Burns Central Services Manager
SUBJECT	Agenda Item #14(b)(3)(E) – SB 1194 (Hill) Professions and Vocations: Competitive Impact

Background:

This was originally the Board's Sunset bill but was amended to cover the North Carolina Dental Board court decision relating to anti-competitive board actions.

This bill would have required the Director of the Department of Consumer Affairs (DCA) to disapprove a proposed rule or regulation that is a market-sensitive action that does not further clearly articulated and affirmatively expressed state policy and authorize him or her to recommend modifications. This bill would have also authorized the Director, upon his or her own initiative, and require the Director upon the request of the board making the decision or the Legislature, to review any nonministerial market-sensitive action of a board within DCA to determine whether it furthers a clearly articulated and affirmatively expressed state policy and to approve, disapprove, or recommend modifications of the board action.

Status: Dead, the Author pulled this bill from consideration by the Assembly Business and Professions Committee.
