

MEMORANDUM

DATE	October 24, 2016
TO	Board of Psychology
FROM	 Cherise Burns Central Services Manager
SUBJECT	Agenda Item #14(b)(3)(G) – SB 1217 (Stone) Healing Arts: Reporting Requirements: Liability

Background:

Existing law requires each healing arts licensing board to create and maintain a central file containing an individual historical record on each person who holds a license from that board. Existing law requires that the individual historical record contain any reported judgment or settlement requiring the licensee or the licensee's insurer to pay over \$3,000 in damages for any claim that injury or death was proximately caused by the licensee's negligence, error or omission in practice, or rendering unauthorized professional service.

This bill would have instead required the record to contain reported judgments or settlements with damages over \$10,000 for those licensed under the Pharmacy Act.

Staff contacted Senator Stone's office and confirmed they will not be pursuing this bill next year.

Status: Dead, this bill failed passage in the Senate Committee on Business, Professions and Economic Development
