

MEMORANDUM

DATE	March 9, 2017
TO	Outreach and Education Committee Members
FROM	 Antonette Sorrick Executive Officer
SUBJECT	DCA Brochure “Professional Therapy Never Includes Sex” –Update – Agenda Item 14

Background:

In 2011, the Department of Consumer Affairs made some minor edits to the publication “Professional Therapy Never Includes Sex.” With the proliferation of technology and social media, the publication should be considered for necessary updates.

Action Requested:

Staff recommendation is to request enforcement staff of each of the three boards (Medical Board, Board of Behavioral Sciences, and Board of Psychology) meet and discuss any missing areas that should be considered for the publication. After, each Board can contract with an expert to help with drafting new content for the brochure.
