

MEMORANDUM

DATE	January 29, 2018
TO	Board of Psychology
FROM	Sandra Monterrubio, Enforcement Program Manager
SUBJECT	Agenda Item 14 Enforcement Committee Report

Background:

In 2016, the Board completed a regulatory change combining the Disciplinary Guidelines (Guidelines) and Uniform Standards Related to Substance Abusing Licensees. This change prompted the Enforcement Committee to conduct a more comprehensive review of the Disciplinary Guidelines and propose additional changes to the Board.

In January 2018, the Enforcement Committee and staff met to consider multiple changes to the Guidelines. Staff incorporated the changes that were recommended by the Committee.

In March 2018, the Enforcement Committee will meet for a two-day session to finish reviewing the changes to the Disciplinary Guidelines and will begin discussing the complaint acknowledgment letter, the expert reviewer program application, and other Committee agenda items.
