Legislation Update

AB 2958 (Quirk) authorizes the Board to use an additional teleconference meeting option with a shorter notice period of 24 hours provided that all of the other requirements of the bill are met. Due to the specific requirements of the bill, one being that a quorum of the Board is present at the primary physical location, it is doubtful our Board would use the bill's provisions but it is another option available to the Board. Essentially this option allows the Board to teleconference a Board Member into an already noticed meeting without having to meet the 10-day notice deadline or to disclose the location of the remotely participating Board Member.
