• AB 2028 (Hernandez) – Confidentiality of Medical Information: Disclosure

Ms. Vazquez reported that AB 2028 provides more specificity regarding the confidentiality of medical information. Dr. Sherman stated that this bill is a definite

Dr. Candace Young commented that the bill authorizes psychologists to release more information, however, it does not require the release which provides more of a legal protection in the licensee does release the information. Ms. Kassis stated that this bill was been enrolled on August 17, 2010 and is on its way to the Governor who has until September 30, 2010 to review the bill.

Ms. Vazquez commented that this bill is similar to a previous bill that was vetoed.

e) AB 2435 (Lowenthal) – Elder and Dependent Adult Abuse

Ms. Vazquez reported that AB 2435 would encourage the Board of Psychology and the Board of Behavioral Sciences to include coursework regarding the assessment and reporting of elder and dependent adult abuse in the required training on aging and long-term care for initial licensure and license renewal. The Board discussed the best way to incorporate this requirement and recommended this item be brought back to the Credentials Committee for further discussion upon passage of the bill.

a) Strategic Plan Progress Report

The Board reviewed proposed changes to section 1395.3 and 1397.2. Dr. Sherman requested that legal counsel review the proposed changes to section 1395.3 to ensure the necessity of the changes as Business and Professions Code section 2964.3 addresses the same issues related to sex offender licensure ineligibility.

Ms. Freedman Eidson stated that the proposed changes to 1397.2 are necessary to further define specific instances of unprofessional conduct.

Dr. Sherman recommended holding the proposed changes to sections 1395.3 and 1397.2 for the next meeting for further discussion.

d) Consideration of Regulatory Amendments to Disciplinary Guidelines

The Board reviewed the proposed changes to the disciplinary guidelines which incorporate the uniform standards related to substance abuse. The Board discussed the guidelines and recommended changes. **Agenda Item #5 – Director’s Report by Department of Consumer Affairs Representative**

Kimberly Kirchmeyer, Deputy Director, Board/Bureau Support, appeared before the Board on behalf of the Director. She thanked the Board members for the opportunity to address them. Mr. Kahane thanked Ms. Kirchmeyer for her assistance in getting new Board members appointed. Dr. Sherman also expressed his appreciation for her efforts.

Ms. Kirchmeyer stated that the Director has been conducting monthly meetings with all board Presidents, Executive Officers, and executive staff in an effort to provide more communication between the Director’s office and the Boards prior to board meetings. She stated that one issue that has been discussed during these meetings is federal health care reform. She stated that the impact of this on boards is an increase in licensing and enforcement processes. Ms. Kirchmeyer indicated that it would also expand some scopes of practice in order to provide more health care coverage.

Ms. Kirchmeyer also discussed the Consumer Protection Enforcement Initiative (CPEI). She indicated that this is an issue that will probably be discussed at each meeting. She stated that DCA is working on getting 140 positions that were approved through the budget change proposal (BCP) process. She indicated that all healing arts boards are starting the recruitment process. She also stated that DCA is working on obtaining data for eight 8 performance measures which will be on each Board’s website beginning in October.

Ms. Kirchmeyer informed the Board about the BREEZE project which is merging the existing antiquated systems and merging them into one integrated system. She stated that Debbie Balaam, DCA’s Chief Information Officer, would be more than happy to come to a Board meeting to explain the new system.
Ms. Kirchmeyer discussed DCA's licensing reform efforts. She stated the importance of licensing individuals in a timely manner in order to get them into the workforce. She indicated that DCA is almost done with statistics gathering on such data as the number of pending applications, how many applications are received, how many applications are processed, and how many applications are moved forward to licensure. She stated that DCA will be looking at the licensing process, identifying statutory/regulatory changes, and establishing performance measures.

Ms. Kirchmeyer stated that DCA is encouraging all boards to post meeting materials on their websites.

**Agenda Item #6 – Credentials**

a) **Strategic Plan Progress Report**

Dr. Rodolfa pointed out that one of the Board’s strategic objectives is to attend relevant conferences regularly, returning to the Board with information concerning advances in national trends, technology and licensing updates. He stated that Board members should not only be allowed, but encouraged to attend such conferences and meetings to see what's going on in other jurisdictions.

b) **Satisfaction Survey Results**

Dr. Rodolfa referred to the statistics provided in the Board packets and pointed out that the number of positive responses seem to have gone up as the year progressed, despite furloughs and other issues that staff has been faced with. c) **Review of Proposed Changes of California Code of Regulations, Title 16, Division 13.1, Article 1 (General Provisions), Article 2 (Applications) and Article 3 (Education and Experience), Article 4 (Examination), Article 5 (Registered Psychologists), 5.1 (Psychological Assistants) and Article 6 (Fees)**

Dr. Rodolfa reminded the Board that the amendments to these articles were discussed fairly extensively at the last Board meeting, therefore, he doesn’t see a need to review them to that extent again. Dr. Rodolfa recommended several additional changes to this proposal. Discussion ensued.

It was M(Rodolfa)/S(McGhee)/C to amend the articles with the changes discussed.

Vote – 6 – 0

b) Examination Statistics

Dr. Rodofia reported that approximately two thirds of all California candidates pass the Examination for Professional Practice in Psychology (EPPP). He stated that the pass rate goes up to almost 80% for first-time candidates. He indicated that these statistics are pretty similar to the national statistics for the EPPP.

Dr. Rodofia reported that the pass rate for the California Psychology Supplemental Examination (CPSE) is about 90% for all candidates and about 95% for first-time candidates.

Dr. Rodofia reported that the pass rate for the California Psychology Laws and Ethics Examination (CLEE) was poor for the first three months of the year. He stated that the pass rate starting improving in April. Dr. Rodofia stated that at the last Board meeting, he was concerned about the low pass rate, so he met with staff at DCA’s Office of Professional Examination Services (OPES). He indicated that OPES staff were very helpful in explaining the process of the development of the CPSE and CLEE. They had no explanation, however, as to why candidates scored so poorly on CLEE considering that the CLEE is derived from the CPSE questions except that perhaps since the candidates who take the CLEE are experienced, they may not have felt a need to study. Dr. Rodofia stated that he intends on sitting in on some examination development sessions for the CPSE and the CLEE.

c) Discussion Regarding California Psychology Laws and Ethics Examination (CLEE)

Dr. Rodofia stated that ASPPB’s practice analysis has just been accepted by the ASPPB Board of Directors and will be distributed at the October ASPPB meeting. He explained that OPES will be conducting another review of practice of psychology in California. Dr. Rodofia stated that he is concerned about the overlap between the EPPP and the CPSE. He stated that he feels that the Board should be focusing on testing in the areas of laws and ethics. He explained that ASPPB did a practice analysis nationally and formulated the EPPP accordingly and that the Board tried to establish competency-based examination with the CPSE. He stated that he feels that a strengthened CLEE would be a better examination since when we discipline a licensee, it is for violation of the laws and ethics.

d) Review of Request for Reasonable Accommodation Form

Dr. Rodofia stated that the review of the Request for Accommodation form is being tabled until the next Board meeting.

d) New Monthly DCA Director and Board Chairs/Committee Communication Teleconference

Dr. Sherman stated that DCA is conducting monthly teleconference meetings to facilitate communication between DCA and the various boards and committees. Discussions during these meetings include such things as budget issues, best practices and licensing reforms. He indicated that one of the things he has learned as a result of these meetings is to allow public comment before taking a vote when entertaining a motion before the Board.

e) Attendance at Recent DCA Board Member and Advisory Committee Training
Dr. Sherman reported that he and Mr. Kahane attended the DCA Board Member and Advisory Committee training. He stated that DCA is aiming for all boards to be at a certain standard, and while some boards are not yet at that standard, the Board of Psychology is ahead of the curve. Dr. Sherman stated that there was a presentation regarding a future focus on establishing continuing competency levels. He indicated that Dr. Rodolfa, through his involvement with ASPPB, is currently addressing this issue. He also stated that some committees, such as the Committee on Contemporary and Emerging Issues, have taken a back seat due to the fact that there were not enough members appointed to the Board to support meeting in a committee format. Dr. Sherman stated that given the recent appointments to the Board, we will be moving back to the committee format.

He stated that he attended several presentations that addressed the issue of telehealth and the interjurisdictional issues that go along with it. He expressed interest in establishing a work group to focus on this very important issue once the Committee on Contemporary and Emerging Issues is reestablished. Dr. Lindencrow, Executive Director of the California Psychological Association, commended the Board for addressing the issue of telehealth, as more and more of their members are inquiring about this topic.

Dr. Sherman stated that Mr. Kahane was also supposed to attend the convention, however, his request to attend was not approved by the administration. He stated that the denial of this request is a travesty, especially since the Board has the funds to support it.

Dr. Sherman stated that if any Board members have any strong wishes to be on a particular committee to let him know so that he can take these requests into consideration when making committee appointments.

Agenda Item #11 – Executive Officer’s Report – Mr. Kahane

a) Staff Update

Mr. Kahane started his report concerning staffing and possible upcoming changes. He reported that Monica Meyer has resigned from the Board and our Licensing Coordinator/Lead Ms. Snyder is still out on leave with no expected date of return as of yet.

Mr. Kahane noted the Consumer Protection Enforcement Initiative (CPEI) position is scheduled to begin in October with the addition of an AGPA in the Enforcement area under Gina’s direction. The other positions involved with the CPEI are scheduled to begin in 2011, as of this time.

b) Budget Update
Mr. Kahane stated the Board budget is good with about a 5 months reserve in operating expenses. He stated that the Department may take more money, in addition to the 2.4 million they diverted from our fund to the general fund again this year.

c) Board Operations

Mr. Kahane discussed the impact of furloughs that the Board has managed to incorporate. Licensing times are increasing due to staff absence and the inability to fill the temporary positions because of issues in the DCA Personnel Department.

Mr. Kahane noted that the Enforcement is still doing well with new procedures and reporting our enforcement times to DCA.

Mr. Kahane told the Board that the office reconfiguration is scheduled in September to accommodate the new positions.

Mr. Kahane discussed the possible rescheduling of the November Board meeting in lieu of no budget or spending authority.

d) Outreach Update

Mr. Kahane spoke of the extremely limited outreach the Board has been able to accomplish due to Department (DCA) constraints and limitations in travel, spending and time for reimbursement if personal monies forwarded.

Mr. Kahane stated that he and Mr. Thomas will be giving a talk at The Wright Institute in Berkeley in October.

Mr. Kahane discussed submitting for attendance at ASPPB as regular trip, not under blanket, providing there is a budget passed by that time and pending approval.

e) Other Informational Items

Mr. Kahane reported that the BOP Update was sent to DCA. He stated that one article is being redone and checked by Ms. Marks. He stated that we will then send requested fillers for space. Mr. Kahane reported that there will be a delay at each part of the process as each area within DCA has similar personnel/hiring restrictions, and therefore, lesser service and timeliness in Board requests and issues.

Mr. Kahane reminded the Board about providing timely responses to all Board requests, especially concerning enforcement actions.

Mr. Kahane stated this would be a standard for audit and Board evaluation in the upcoming Sunset review.

Mr. Kahane thanked staff, especially Ms. Kassis and Mr. Thomas, for managing and guiding staff through extreme computer problems, lack of response by other areas, the inability of those to solve the problems of our PC’s, for over a month.

Agenda Item #12 – Regulations Update, Review and Action as Necessary

a) Proposed Amendments to Title 16, California Code of Regulations Section 1391.1 – Psychological Assistant Limitation of Registration Period
Ms. Kassis reported that this rulemaking file is currently in the process of being reviewed by DCA's Executive Office. Once the Director approves the file, it will be returned to Board staff for filing with the Office of Administrative Law (OAL). OAL then has 30 working days to review the file, then, if approved, the regulation change becomes effective 30 days after filing with the Office of the Secretary of State.

b) Proposed Amendments to Title 16, California Code of Regulations Sections 1381.7, 1381.8 and 1381.9 – Disclosure of Discipline and Criminal Convictions

Ms. Kassis referred the Board to the modified text in the meeting packets. Ms. Kassis stated that the Board received three procedural questions in response to the modified text and explained that upon implementation the Board would provide information on its web site and at the time of renewal explaining the procedures and how to comply with the “electronic” fingerprint requirement.

It was M(Acquaye-Baddoo)/S(Vazquez)/C to adopt the language in the second modified text and authorize the Executive Officer to make any necessary nonsubstantive technical changes.

Vote: 6 – 0

c) Proposed Amendments to Title 16, California Code of Regulations Sections 1397.60 – 1397.71 – Continuing Education Provider System

Ms. Kassis reported that due to the Office of Administrative Law's filing deadline being so close to the date of the last Board meeting, staff was unable to notice the proposed changes for hearing at this meeting. Staff is waiting for the date and location to be finalized in order to notice the regulation changes for hearing at the next meeting.
