This section applies to a license that expires on or before December 31, 2012, and becomes inoperative on January 1, 2013.
At the time of making application for renewal of a license, a psychologist may as provided in this section request an exemption or an exception from all or part of the continuing education requirements.

(a) The board shall grant an exemption only if the psychologist verifies in writing that, during the two year period immediately prior to the expiration date of the license, he or she:

1. Has been residing in another country or state for at least one year reasonably preventing completion of the continuing education requirements; or
2. Has been engaged in active military service; or
3. Has been prevented from completing the continuing education requirements for reasons of health or other good cause which includes:
   A. Total physical and/or mental disability of the psychologist for at least one year; or

(b) An exception to the requirements of Business and Professions Code section 2915(d) may be granted to licensed psychologists who are not engaged in the direct delivery of mental health services for whom there is an absence of available continuing education courses relevant to their specific area of practice.

1. An exception granted pursuant to this subsection means that the board will accept continuing education courses that are not approved pursuant to sections 1397.61(d), (e), (f) provided that they are directly related to the licensee’s specific area of practice and offered by recognized professional organizations. The board will review the licensee’s area of practice, the subject matter of the course, and the provider on a case-by-case basis. This exception does not mean the licensee is exempt from completing the continuing education required by Business and Professions Code section 2915 and this article.

2. Licensees seeking this exception shall provide all necessary information to enable the board to determine the lack of available approved continuing education and the relevance of each course to the continuing competence of the licensee. Such a request shall be submitted in writing and must include a clear statement as to the relevance of the course to the practice of psychology and the following information:
   A. Information describing, in detail, the depth and breadth of the content covered (e.g., a course syllabus and the goals and objectives of the course), particularly as it relates to the practice of psychology.
   B. Information that shows the course instructor’s qualifications to teach the content being taught (e.g., his or her education, training, experience, scope of practice, licenses held and length of experience and expertise in the relevant subject matter), particularly as it relates to the practice of psychology.
   C. Information that shows the course provider’s qualifications to offer the type of course being offered (e.g., the provider’s background, history, experience and similar courses previously offered by the provider), particularly as it relates to the practice of psychology.

3. This subsection does not apply to licensees engaged in the direct delivery of mental health services.
(c) Psychologists requiring reasonable accommodation according to the Americans with Disabilities Act may be granted an exemption from the on-site participation requirement and may substitute all or part of their continuing education requirement with an American Psychological Association or accreditation agency approved independent learning continuing education program. A qualified individual with a disability must apply to the board to receive this exemption.

(d) Any licensee who submits a request for an exemption or exception which is denied by the board shall complete any continuing education requirements within 120 days of the notification that the request was denied.

At the time of making application for renewal of a license, a psychologist may as provided in this section request an exemption or an exception from all or part of the continuing education requirements.

(a) The Board shall grant an exemption only if the psychologist verifies in writing that, during the two year period immediately prior to the expiration date of the license, he or she:

(b) An exception to the requirements of Business and Professions Code section 2915(d) may be granted to licensed psychologists who are not engaged in the direct delivery of mental health services for whom there is an absence of available continuing education courses relevant to their specific area of practice.

(1) An exception granted pursuant to this subsection means that the Board will accept continuing education courses that are not acceptable pursuant to section 1397.61(c) provided that they are directly related to the licensee’s specific area of practice and offered by recognized professional organizations. The Board will review the licensee’s area of practice, the subject matter of the course, and the provider on a case-by-case basis. This exception does not mean the licensee is exempt from completing the
continuing education required by Business and Professions Code section 2915 and this article.
(2) Licensees seeking this exception shall provide all necessary information to enable the Board to determine the lack of available approved continuing education and the relevance of each course to the continuing competence of the licensee. Such a request shall be submitted in writing and must include a clear statement as to the relevance of the course to the practice of psychology and the following information:
(A) Information describing, in detail, the depth and breadth of the content covered (e.g., a course syllabus and the goals and objectives of the course), particularly as it relates to the practice of psychology.

(C) Information that shows the course provider’s qualifications to offer the type of course being offered (e.g., the provider’s background, history, experience and similar courses previously offered by the provider), particularly as it relates to the practice of psychology.
(3) This subsection does not apply to licensees engaged in the direct delivery of mental health services.
(c) Psychologists requiring reasonable accommodation according to the Americans with Disabilities Act may be granted an exemption from the on-site participation requirement and may substitute all or part of their continuing education requirement with an American Psychological Association or accreditation agency approved independent learning continuing education program. A qualified individual with a disability must apply to the Board to receive this exemption.
(d) Any licensee who submits a request for an exemption or exception that is denied by the Board shall complete any continuing education requirements within 120 days of the notification that the request was denied.

(1) Conviction of a felony or misdemeanor substantially related to the activities of an accreditation agency approved provider.

(2) Failure of an applicant or provider who is a psychologist, psychological assistant, psychological intern or registered psychologist to comply with any provisions of the Psychology License Law (Business and Professions Code Section 2900 et seq.) or the regulations adopted pursuant thereto in Division 13.1 of Title 16 (commencing with section 1380) of the California Code of Regulations.

The CE Appeals Committee shall be appointed by the board’s president and consist of two board members, one public member and one licensed psychologist member. The appeal must be filed with the board within seven (7) days after receipt of the panel’s decision.
